

CSMRI DOCUMENT REPOSITORY INDEX

January 21, 2004

Feasibility Study

70. Combined Remedial Investigation/Feasibility Study, Colorado School of Mines Research Institute Site [Draft], New Horizons Environmental Consultants, Inc.

Historical Records (Pre-1992)

1. [Disposal Phase Summary for Building 6 Materials], Industrial Compliance, Inc., August 30, 1989.
2. Site Characterization and Pathways Analysis, Claypits Site and CSMRI Facility, James L. Grant & Associates, Inc., April 30, 1990.
3. Characterization Plan for Claypits and CSMRI Creekside and Table Mountain Research Center Sites, James L. Grant & Associates, Inc., March 22, 1991.
4. CSMRI Historical Record Evaluation, Volume I, January 15, 1991.
5. CSMRI Historical Record Evaluation, Volume II, January 15, 1991.
6. Radiation Protection Manual for the Colorado School of Mines Research Institute, ALARA, Inc., June 18, 1991.

Tailings Pond Removal Activities

10. Colorado School of Mines Research Institute Tailings Pond Sampling Report, IC Project No. 1-2231, Industrial Compliance, Inc., [work start date – August 1, 1989].
11. Response to CDPHE Information Request Re: CSMRI Radioactive Materials License, CSMRI, March 5, 1993.
12. Final Risk Assessment, CSMRI Site, Ecology & Environment, Inc., December, 1993.

Soil Stockpile Removal Activities

20. Removal Action Options Analysis, Colorado School of Mines Research Institute, Golden, Colorado, Volume I, submitted to: US EPA, Region VIII, June 12, 1995.
21. Removal Action Options Analysis, Colorado School of Mines Research Institute, Golden, Colorado, Volume II, submitted to: US EPA, Region VIII, June 12, 1995.

22. Removal Action Options Analysis, Colorado School of Mines Research Institute, Golden, Colorado, Volume III, submitted to: US EPA, Region VIII, June 12, 1995.
23. Transportation Study for CSMRI Special Solid Waste Removal, TranSystems Engineers & Planners, LLC, September 27, 1995.
24. Final Safety, Health, and Emergency Response Plan, Removal Action Activities, CE Consultants, January 13, 1995.
25. Final Sampling and Analysis Plan, Removal Action Activities, CE Consultants, January 13, 1995.
26. Removal and Disposal of Stockpiled Soils, Technical Report, AWS Remediation, Inc., October 28, 1996.
27. CSMRI Radiological Survey Logbook, Book I, Wastren Remediation, Inc. January 10, 1995.
28. CSMRI Radiological Survey Logbook, Book II, Wastren Remediation, Inc. January 10, 1995.
29. Surface Gamma Radiation Survey, Former Soil Stockpile Location, Earth Sciences Consultants, Inc., July 10, 1996.
30. Final Report – Niobium Ore Removal, Environmental Resources Management, March 14, 1997.
31. Final Report, Small Stockpile Removal, Environmental Resources Management, January 22, 1998.

Building Evaluation and Decontamination

40. CSMRI Facilities Condition Report, Colorado School of Mines Plant Facilities Department, August 1, 1985.
41. Track 1 Comprehensive Work Plan, Dismantling, Demolition, and Removal of Building 101 at the CSMRI Site, Golden, Colorado, AWS Remediation, Inc., March 1996.

Drum Evaluation and Removal

50. Profile for Drummed Materials, ERM EnviroClean Rocky Mountain, Inc., September 20, 1996.

51. Final Report, Drummed Research Materials Disposal Supplemental Environmental Project, Environmental Resources Management, July 25, 1997.
52. Environmental Assessment Site Health and Safety Plan, Colorado School of Mines Research Institute, URS Greiner Woodward Clyde, November 1998.

Surface and Subsurface Soil Investigation

60. Background Characterization Report, Colorado School of Mines Research Institute, URS Greiner Woodward Clyde, July 7, 2000.
61. Colorado School of Mines Research Institute, Supplementary Background Characterization, Draft Final Report, URS Greiner Woodward Clyde, January 28, 2002.
62. Analytical Results Report, Colorado School of Mines Research Institute Site, URS Greiner Woodward Clyde, May 1999.
63. References Pertaining to MARSSIM Decommissioning of Golden CSMRI Site, Volume I, June 1, 2000.
64. References Pertaining to MARSSIM Decommissioning of Golden CSMRI Site, Volume II, June 1, 2000.
65. Characterization Survey Work Plan, Colorado School of Mines Research Institute Site, URS Corporation, July 23, 2001.
66. Concrete and Asphalt Characterization Final Report, URS, July 15, 2002.
67. Characterization Survey Data Report, Concrete/Asphalt Removal and Disposal, Colorado School of Mines Research Institute Site Environmental Assessment and Response (Phase I), New Horizons Environmental Consultants, Inc., April 11, 2003.
