Subject: Meeting with BFI

Jim:

As we discussed, I am providing you with links to NRC documents regarding compliance with off-site landfill waste acceptance criteria that Colorado School of Mines would like to follow in characterizing impacted soils from the CSMRI Site for off-site disposal, including disposal at the BFI Foothills Landfill. CDPHE has agreed to allow the School to use this NRC-recommended approach.

We would like to try to set up a meeting between BFI and School representatives on Oct. 11, 12, or 14. Please advise as to BFI's availability.

Thanks,

Maki
